

On October 25th, 1922. Was instructed to see Gorsaline, Jones and Sulitz who is the caretaker of the Phillips Farm but did not see them.

Saw Mr. Pfeiffer and gave him a verbal report of the information I had secured on the day before.

Looked for Frank Reed of 171 George Street but did not find him at home.

Interviewed Mrs. Hall. From there to Harry Stryker and wife at 41 Jones Avenue. He said he had a brother named Charles living at Clayton's farm in Cramberry. Both Harry and his wife said that he has been on the Hall payroll for over 20 years, and that they could not think of Mrs. Hall and Mr. Hall doing any such thing. Mrs. Hall would sooner kill herself instead of injuring Mr. Hall. He (Stryker) on some occasions sent clothing to Philadelphia to be dyed for old Mrs. Stevens via Adam's express. He left Hall's employ about May 10th, 1921, going to Asbury Park.

I remained at the Hall house for the night.
